

嘉道理農場暨植物園 動物分類單元名錄二零零五

Kadoorie Farm & Botanic Garden 2005 Fauna Checklist

Key to checklist symbols
符號提示

KFBG distribution
在農場的分佈

- lower KFBG 低部找到
■ mid KFBG 中部找到
■ upper KFBG 上部找到
■ Kadoorie Agricultural Research Centre 理農業研究所找到
□ not recorded 不在農場

KFBG Status 在農場的狀況

- ⊛ rare 罕有
⊛⊛ uncommon 不常見
⊛⊛⊛ common 常見
⊛⊛⊛⊛ abundant 大量

HK Distribution 在香港的分佈
except birds 除了鳥類

- widespread 廣泛
● local 局部
● restricted 局限

HK status 在香港的狀況

Bird list only 只供鳥類

- E exotic 外來種
R resident 留鳥
S summer visitor 夏候鳥
V vagrant 迷鳥
W winter visitor 冬候鳥
PM passage migrant 過境遷后鳥
OV occasional visitor 后鳥
* breeding proven in HK 在港繁殖

Contents 目錄

Introduction	前言	3
Birds	鳥類	4
Mammals	哺乳類	6
Amphibians & Reptiles	爬蟲及兩棲類	7
Freshwater Fish	淡水魚	8
Moths	飛蛾	8
Butterflies	蝴蝶	26
Rove Beetles	隱翅蟲	29

Introduction

This checklist is an expansion upon the first published list of native fauna found at Kadoorie Farm & Botanic Garden (KFBG), that appeared in the 1994/5 KFBG annual report. The list updates the faunal groups covered in 1995 and adds moths, which have been the subject of regular recording since 1999, and rove beetles, which were recorded in 1996 and 1997. Future editions of this list will incorporate other taxa. For example, beetle data (Zhang *et al.*, 2004) (other than rove beetles) is being prepared, but has not yet been made available at species level. Ant data is in a similar state.

Species are listed in taxonomic order, following Ades & Kendrick (2004). The distribution of each species within KFBG is indicated by presence or absence from the lower (below the Raptor Sanctuary), middle (between the Raptor Sanctuary and Orchid Haven) and upper (above the Orchid Haven) areas of KFBG (see the map on the back cover). For birds, this information is based on systematic surveys done since 1999; bird species not recorded during these surveys are listed with no KFBG distribution data. For butterflies and rove beetles, species existing at Kadoorie Agricultural Research Centre (KARC) are also included. In addition, the distribution of each species (except for birds) in Hong Kong is indicated by the categories widespread (a species that has been recorded in at least four HK districts), local (recorded in one to three districts and four to ten sites) and restricted (recorded in three or less sites).

An indication of how common the species are at KFBG is given. A key to the symbols used to represent these data is given on the in-fold of the front cover. Species are cross referenced to Ades & Kendrick (2004) by inclusion of the page number from that publication on which each species is listed.

This list would not have been possible without the submission of wildlife records made by KFBG staff, volunteers and visitors, to whom our gratitude is extended. Thanks are also extended to Drs. Michael Lau, Bosco Chan, Gary Ades and Mr. Mike Kilburn for checking the vertebrate records, to Chiu Tuck Sein and Dr. Michael Lau for commenting on format and to Ms. Cecily Law & Carmen Ng for translating and typing the text into Chinese.

前言

嘉道理農場暨植物園內發現的本土動物名錄首先在一九九五年的年報發表，本名錄是其延續。名錄中除了更新一九九五年的資料，還加插了自一九九九年開始有固定記錄的飛蛾及一九九六至九七年記錄的隱翅蟲。將來的版本會收編其他分類單元。例如甲蟲（除了隱翅蟲）的資料（Zhang *et al.*, 2004）正在籌備當中，但還未可應用到種的層面。螞蟻的資料亦有相同情況。

物種的排列是按 Ades & Kendrick (2004) 的分類次序編排。每一物種在園內的分佈（存在或不存在）是按高度—由低（猛禽護理中心以下）、中（猛禽護理中心和蘭花谷之間）和高（蘭花谷以上）—來顯示（請參閱背頁地圖）。鳥類的資料是根據從一九九九年以後的系統調查所得；從沒有在這幾次調查當中記錄的鳥類品種則沒有園內的分佈資料。蝴蝶和隱翅蟲的分佈包括嘉道理農業研究所在內。此外，各物種在香港的分佈（除了鳥類）會被標明類別，如廣泛（某品種致少在香港四個地區有記錄）、局部（在一至三個地區及四至十個地點有記錄）和限制（在三個或以下的地點有記錄）。

名錄中的資料亦顯示各品種在園中的普遍程度。用來代表資料的符號註釋詳列於封面內頁。參照 Ades & Kendrick (2004) 的品種會在右列顯示前版頁數。

沒有各職員、義工和訪客提供的記錄，這名錄是不能完成的。因此，本園對各位的協助深表感激。亦多謝劉惠寧博士、陳輩樂博士、艾加里博士和吳敏先生覆查脊椎動物的記錄；趙善德先生和劉惠寧博士對名錄格式提供寶貴的意見及羅芝靈和伍兆欣小姐將原文翻譯和輸入成中文。

Introduction to KFBG

Kadoorie Farm & Botanic Garden (KFBG) is a charity based in Hong Kong, with a tradition of agricultural aid dating back to 1951, when the two immigrant brothers Lawrence and Horace Kadoorie began a self-help scheme for poor immigrant farmers from China. This scheme was to help over 300,000 Hong Kong farmers to achieve a good standard of living. Both brothers died in the 1990's, but the family's philanthropic activities continue. The Kadoorie Charities fund projects throughout China and the South East Asian region.

KFBG, in response to changing priorities in Hong Kong, has become a centre for environmental education and conservation, enshrined by a Government Ordinance in 1995 as a public corporation. KFBG's Mission is "to increase the awareness of our relationship with the environment". The centre now has thriving programmes in wild plant and animal conservation, sustainable agriculture, and environmental education.

In 1994 the Fauna Conservation Department was established at KFBG. Since then the department has been committed to the conservation of Hong Kong's native fauna.

嘉道理農場暨植物園簡介

嘉道理農場暨植物園為香港慈善機構之一。1951年，嘉道理兄弟 - 羅蘭士勳爵及賀理士爵士成立嘉道理農業輔助會，為大批貧困無依的難民提供各種農業支持，為他們（超過 300,000 名農民）提高生活質素。羅蘭士勳爵及賀理士爵士均於 90 年代去世，但其家人將此精神一直延續下去。

因農業於香港日漸式微。自 1995 年 1 月，香港立法局通過本園為非牟利團體，本園把目標轉為推廣保育教育，環境永續及保護香港發展鄰近地區的生物多樣性。本園現正推行植物保育，動物保育，有機農業及環境教育等幾方面的工作。

動物保育部自 1994 年成立，工作範圍包括本地動物保育，拯救與放歸野生動物及教育市民有關動物的保育。

嘉道理農場暨植物園 KADOORIE FARM AND BOTANIC GARDEN

- 1 接待處 Reception
- 2 生機園 Eco-garden
- 3 有機耕作示範 Organic Farming Display
- 4 溫室 / 蘭花溫室 Greenhouses / Orchid Greenhouse
- 5 植物保育實驗室 / 植物標本室 Plant Conservation Laboratory / Herbarium
- 6 農產品售賣處 Farm Produce Sales Counter
- 7 行政辦公室 Administration Offices
- 8 豬舍 Pigsties
- 9 野豬之家 Wild Boar Display
- 10 觀音園 Kwun Yum Garden
- 11 猛禽飛翔園地 Raptor Flight Aviary
- 12 本土哺乳動物屋 Native Mammal Display
- 13 兩棲及爬行動物屋 Amphibian and Reptile House
- 14 淡水生物屋 Streamlife Display
- 15 葛先生紀念花園 Walter Kerr Memorial Gardens
- 16 昆蟲館 Insect House
- 17 鸚鵡護理中心 Parrot Sanctuary
- 18 孔雀飼養區 Peafowl Enclosure
- 19 水鳥園 Waterfowl Walkthrough
- 20 生態池塘 Wildlife Pond
- 21 辦公室 / 保育大樓 Offices / Conservation Building
- 22 職員飯堂 Staff Canteen
- 23 人工濕地污水處理系統 Constructed Wetland Wastewater Treatment System (CWWTS)
- 24 堆肥區 Composting Area
- 25 野生動物拯救中心 Wild Animal Rescue Centre (WARC)
- 26 鹿苑 Deer Haven
- 27 有機菜園 Organic Vegetable Terraces
- 28 胡禮先生紀念雞舍及展覽中心 The Norman Wright Memorial Chicken Display
- 29 艾先生猛禽護理中心 The Jim Ades Raptor Sanctuary
- 30 果園 Orchards
- 31 直升機場 Helicopter Pad
- 32 米加兆屋 Misha's Bungalow
- 33 大瀑布及彩虹亭 Great Falls and Rainbow Pavilion
- 34 蜜蜂園 Apiary
- 35 修女花園 Convent Garden
- 36 蕨類植物小徑 Fern Walk
- 37 蝴蝶園 Butterfly Garden
- 38 四柱擎天 Post Office Pillars
- 39 中草藥園及茶園 Medicinal Herb Garden and Tea Garden
- 40 黃金亭 Golden Pavilion
- 41 世界主要城市之指示牌 Signpost Corner
- 42 蘭花谷 Orchid Haven
- 43 「農林複合系統」實驗場地 Agroforestry Test Site
- 44 葛先生橋、龍亭及小瀑布 Kerr's Bridge, Dragon Pavilion and Little Falls
- 45 嘉道理兄弟紀念亭 The Kadoorie Brothers' Memorial Pavilion
- 46 胡挺生先生紀念亭 The T.S. Woo Memorial Pavilion
- 47 吊鐘路 Enkianthus Walk
- 48 古祭壇及熱氣河 Ancient Altars and Hot Pots
- 49 觀音山頂峰 Kwun Yum Shan Summit
- 50 野生動物拯救中心延伸設施 WARC Extension
- 51 辦公室/植物標本室 Offices / Herbarium and Specimen Room
