

Appendix to the KFBG Fauna Checklist 2020

Moths of Kadoorie Farm & Botanic Garden (KFBG)

Introduction

The moth fauna is extremely rich in the Hong Kong SAR with around **2,500** species recorded. When the 2005 KFBG Fauna Checklist was published the number of recorded species from our hillside was 1,180. The 2020 numbers are likely to be closer to 1,600 with further new species expected to be discovered over the next decade both from Hong Kong and KFBG. In addition to the new discoveries, the taxonomy of existing species changes so the present list will have several anomalies as a result of the changing status of individual moth species. The present list only represents the moth species recorded up to 2005. We will endeavor to collaborate with local experts to review and update the KFBG moth checklist at a future date but feel it important to provide the existing list which also celebrates the number and species diversity present in the Hong Kong SAR.

2020 年嘉道理農場暨植物園野生動物名錄附錄

嘉道理農場暨植物園的飛蛾

前言

香港特別行政區擁有非常豐富的飛蛾品種，約紀錄有二千五百種。二零零五年嘉道理農場暨植物園動物分類單元名錄紀錄著本園山坡上的一千一百八十種飛蛾，而至 2020 年本園錄得接近一千六百種飛蛾；我們預計未來將發現更多新品種飛蛾於本港及本園內。除了有新的品種被發現外，部分舊有紀錄的飛蛾分類、分佈及常見程度亦有所更新。雖然本篇附錄只記載了至 2005 年被發現於本園的飛蛾，此仍顯示著香港擁有值得令人欣喜的物種多樣性。而未來我們將致力與本地專家合作，檢閱並更新本園的飛蛾分類名錄。

Checklist of Moths (Lepidoptera)

1180 species

飛蛾分類名錄

Common name	中文名	Genus & species Author(s)		KFBG distribution		
				lower	mid	upper
A Micro Eye-Cap Moth		Opostegidae genus & sp. A	★	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

About KFBG

Kadoorie Farm and Botanic Garden (KFBG) is situated in Hong Kong, SAR China, in the rural New Territories, on the northern slopes of Tai Mo Shan, which is Hong Kong’s highest mountain. Two steep spurs enclose its deep-set valley. Within KFBG are natural streams, woodlands, orchards, vegetable gardens, walking trails, live animal exhibits, floral exhibits, sustainable agriculture demonstration plots, art exhibits, a wild animal rescue centre, a native tree nursery, and, other conservation and education facilities.

本園簡介

嘉道理農場暨植物園（本園）位處新界鄉郊，座落於香港第一高山大帽山北坡之上，深谷環抱兩旁陡峭的山坡。本園內有清溪、樹林、果園、農圃、遠足徑，並設有動植物展覽、永續農業示範區、藝術展覽、野生動物拯救中心、本土樹木苗圃，以及其他保育及教育設施。
